Date: January 8, 2019

Time: 11:30AM-1:15PM

Presenter: Dan Griffith, Everteam

Topic: *Information Governance: The Role of Technology in Information Governance*

**Dan Griffith**

North America Director of Sales, Everteam

**Presentation Synopsis:** The Role of Technology in Information Governance- an interactive discussion on the role that technology can play in your information governance initiative. Will cover specific use cases and the technology capabilities needed to address them, as well as practical advice on where to start.

**Bio:** Dan Griffith is a seasoned technology professional with a "customer intimate" style. As a trusted advisor to his customers, he helps them connect to, discover, organize, migrate and manage their information assets.

Dan is a well-recognized contributor on social networks and in the information governance community.

He resides in Greenville, SC.
